The following corrections should be made:

Universal Postal Convention

Article 44.2, replace the first sentence with "Perishable biological substances and infectious substances made up and packed in accordance with the respective provisions of the Regulations shall be subject to the tariff for priority items or to the tariff for letters and to registration."

English version only

Universal Postal Convention

Article 49.2.3, read as "The revision shall be carried out on the terms specified in the Letter Post Regulations."

Convention, Final Protocol

Prot Article XIX

Non-liability of the postal administration

Read as

"Prot Article XXI

Non-liability of the postal administration"

Prot Article XXIII.6, change reference in first line to "article 43.4".

Prot Article XXIV.4, change "united States of America" to "United States of America".

Prot Article XXIV.9, read as "The postal administration of Germany reserves the right to administer itself the financial resources provided for the Fund financing the improvement of quality of service in developing countries under article 50.1.1.1 until the principles and criteria laid down by the POC regarding the administrative, financing and procedural structure of this Fund have been implemented."

In addition, the Parcel Post Regulations should be so termed throughout the Convention and not "Postal Parcel Regulations".

These corrections will be included in the Letter Post Manual.

Universal Postal Convention

The undersigned, plenipotentiaries of the Governments of the member countries of the Union, having regard to article 22, paragraph 3, of the Constitution of the Universal Postal Union concluded at Vienna on 10 July 1964, have by common consent and subject to article 25, paragraph 4, of the Constitution drawn up in this Convention the rules applicable throughout the international postal service.

Part I

Rules applicable in common throughout the international postal service

Sole chapter

General provisions

Article 1

Universal postal service

1 In order to support the concept of the single postal territory of the Union, member countries shall ensure that all users/customers enjoy the right to a universal postal service involving the permanent provision of quality basic postal services at all points in their territory, at affordable prices.

2 With this aim in view, member countries shall set forth, within the framework of their national postal legislation or by other customary means, the scope of the postal services offered and the requirement for quality and affordable prices, taking into account both the needs of the population and their national conditions.

3 Member countries shall ensure that the offers of postal services and quality standards will be achieved by the operators responsible for providing the universal postal service.

Article 2

Freedom of transit

1 The principle of the freedom of transit is set forth in article 1 of the Constitution. It shall carry with it the obligation for each postal administration to forward always by the quickest

routes and the most secure means which it uses for its own items, closed mails and à découvert letter-post items which are passed to it by another **postal** administration.

2 Member countries which do not participate in the exchange of letters containing perishable biological substances or radioactive substances shall have the option of not admitting these items in transit à découvert through their territory. The same shall apply to letter-post items, other than letters, postcards and literature for the blind which do not satisfy the legal requirements governing the conditions of their publication or circulation in the country crossed.

3 Freedom of transit for postal parcels to be forwarded by land and sea routes shall be limited to the territory of the countries taking part in this service.

4 Freedom of transit for air parcels shall be guaranteed throughout the territory of the Union. However, member countries which do not operate the postal parcels service shall not be required to forward air parcels by surface.

5 If a member country fails to observe the provisions regarding freedom of transit, other member countries may discontinue their postal service with that country.

Article 3

Ownership of postal items

1 A postal item shall remain the property of the sender until it is delivered to the rightful owner, except when the item has been seized in pursuance of the legislation of the country of destination.

Article 4

Creation of new service

1 **Postal** administrations may by mutual consent create a new service not expressly provided for in the Acts of the Union. Charges for a new service shall be laid down by each administration concerned, having regard to the expenses of operating the service.

Article 5

Monetary unit

1 The monetary unit laid down in article 7 of the Constitution and used in the Convention and the other Acts of the Union shall be the Special Drawing Right (SDR).

Article 6

Postage stamps

1 Only postal administrations shall issue postage stamps attesting payment of postage according to the Acts of the Union. Postal prepayment impressions, franking machine impressions and impressions made by a printing press or other printing or stamping process in accordance with the provisions of the Letter Post Regulations may be used only with the authorization of the postal administration.

2 The subjects and designs of postage stamps shall be in keeping with the spirit of the Preamble to the UPU Constitution and of decisions taken by the Union's bodies.

Article 7

Charges

- 1 The charges for the various international postal and special services shall be set by the postal administrations in accordance with the principles set out in the Convention and the Regulations. They shall in principle be related to the costs of providing these services.
- 2 The charges collected, including those laid down for guideline purposes in the Acts, shall be at least equal to those collected on internal service items presenting the same characteristics (category, quantity, handling time, etc).
- 3 Postal administrations shall be authorized to exceed any charges appearing in the Acts, including those laid down for guideline purposes:
 - 3.1 if the charges they collect for the same services in their internal service are higher than the ones laid down;
 - 3.2 if this is necessary to cover the costs of operating their services or on any other reasonable grounds.
- 4 Above the minimum level of charges laid down in 2, postal administrations may allow reduced charges based on their internal legislation for letter-post items posted in their country. They may, for instance, give preferential rates to major users of the Post.
- 5 No postal charge of any kind may be collected from customers other than those provided for in the Acts.
- 6 Except where otherwise provided in the Acts, each postal administration shall retain the charges which it has collected.

Article 8

 - 1.1 Cases of exemption from postal charges shall be expressly laid down by the Convention.

 - 2.3.4 post offices and postal administrations.

- 3 Prisoners of war and civilian internees
 - 3.1 Letter-post items, postal parcels and postal financial services items addressed to or sent by prisoners of war, either direct or through the offices mentioned in the Letter Post Regulations, shall be exempt from all postal charges, with the exception of air surcharges. Belligerents apprehended and interned in a neutral country shall be classed with prisoners of war proper so far as the application of the foregoing provisions is concerned.
 - 3.2 The provisions set out under 3.1 shall also apply to letter-post items, postal parcels and postal financial services items originating in other countries and addressed to or sent by civilian internees as defined by the Geneva Convention of 12 August 1949 relative to the protection of civilian persons in time of war, either direct or through the offices mentioned in the Letter Post Regulations.
 - 3.3 The offices mentioned in the Letter Post Regulations shall also enjoy exemption from postal charges in respect of letter-post items, postal parcels and postal financial services items which concern the persons referred to under 3.1 and 3.2, which they send or receive, either direct or as intermediaries.
 - 3.4 Parcels shall be admitted free of postage up to a weight of 5 kilogrammes. - 4 Literature for the blind
 - 4.1 Literature for the blind shall be exempt from all postal charges, with the exception of air surcharges.

Article 9

Postal security

- 1 Postal administrations shall adopt and implement a proactive security strategy at all levels of postal operations to maintain and enhance customer confidence in the postal services in order to ensure a competitive edge in the market.**
- 2 This strategy shall aim to:**
 - 2.1 raise quality of service as a whole;**
 - 2.2 increase employee awareness of the importance of security;**
 - 2.3 create or reinforce security units;**
 - 2.4 share operational, security and investigative information on a timely basis; and**
 - 2.5 propose to legislatures, wherever necessary, specific laws, regulations and measures to improve the quality and security of worldwide postal services.**

Part II

Rules applicable to letter post and postal parcels

Chapter 1

Provision of services

Article 10

Basic services

- 1 Postal administrations shall provide for the acceptance, handling, conveyance and delivery of letter-post items. **They shall also provide the same for postal parcels either as laid down in the Convention, or, in the case of outward parcels and after bilateral agreement, by any other means which is more advantageous to its customers.**
- 2 Letter-post items shall be classified according to one of the following two systems. Every postal administration shall be free to choose the system that it applies to its outward traffic.
- 3 The first system shall be based on the speed of treatment of the items. The latter shall therefore be divided into:
 - 3.1 priority items, ie items conveyed by the quickest route (air or surface) with priority; weight limits: 2 kilogrammes in general, **but 5 kilogrammes in relations between administrations admitting such items from their customers**, 5 kilogrammes for items containing books and pamphlets (optional service), 7 kilogrammes for literature for the blind;
 - 3.2 non-priority items, ie items for which the sender has chosen a lower rate, implying a longer delivery time; weight limits: same as those in 3.1.
- 4 The second system shall be based on the contents of the items. The latter shall therefore be divided into:
 - 4.1 letters and postcards, together called "LC"; weight limit: 2 kilogrammes, **but 5 kilogrammes in relations between administrations admitting such items from their customers**;
 - 4.2 printed papers, literature for the blind and small packets together called "AO"; weight limits: 2 kilogrammes for small packets, **but 5 kilogrammes in relations between administrations admitting such items from their customers**, 5 kilogrammes for printed papers, 7 kilogrammes for literature for the blind.
- 5 Special bags containing printed papers (newspapers, periodicals, books, etc) for the same addressee at the same address shall, in both systems, be called "M bags"; weight limit: 30 kilogrammes.
- 6 The exchange of parcels whose individual weight exceeds **20** kilogrammes shall be optional, with a maximum individual weight of **50** kilogrammes.
- 7 As a general rule, parcels shall be delivered to the addressees as soon as possible and according to the provisions in force in the country of destination. When parcels are not delivered to the addressee's address, the addressee shall, unless this is impossible, be advised of their arrival without delay.

8 Any country whose postal administration does not undertake the conveyance of parcels may arrange for **the provisions of the Convention** to be implemented by transport companies. It may, at the same time, limit this service to parcels originating in or addressed to places served by these companies. The postal administration shall remain responsible for the execution of the Convention and of the Parcel Post Regulations.

Article 11

Postage charges and air surcharges

- 1 The administration of origin shall fix the postage charges for the conveyance of letter-post items throughout the entire extent of the Union. The postage charges shall cover delivery of the items to the place of address provided that this delivery service is operated in the country of destination for the items in question.
- 2 The charges applicable to priority letter-post items shall include any additional costs of fast transmission.
- 3 Administrations that apply the system based on the contents of letter-post items shall be authorized:
 - 3.1 to collect air surcharges for letter-post airmail items;
 - 3.2 to collect for surface air-lifted "S.A.L." items with reduced priority surcharges lower than those which they collect for airmail items;
 - 3.3 to fix combined charges for the prepayment of airmail items and S.A.L. items, taking into account the cost of the postal services rendered by them and the cost of the air conveyance.
- 4 Administrations shall set the air surcharges to be collected for air parcels.
- 5 The surcharges shall be related to the air conveyance dues and shall be uniform for at least the whole of the territory of each country of destination whatever the route used; in calculating the air surcharge for a letter-post airmail item, administrations shall be authorized to take into account the weight of any forms used by the public which may be attached to the item.
- 6 The administration of origin may allow, for letter-post items containing:
 - 6.1 newspapers and periodicals published in its country, a reduction of not more than 50% **in principle** of the tariff applicable to the category of items used;
 - 6.2 books and pamphlets, music scores and maps, provided they contain no publicity matter or advertisement other than that appearing on the cover or the fly leaves, the same reduction as that provided for under 6.1.
- 7 The administration of origin may apply to non-standardized items charges different from those applicable to the standardized items defined in the Letter Post Regulations.
- 8 The reductions in charges pursuant to 6 shall also apply to items conveyed by air, but no reduction shall be granted on the portion of the charge intended to cover the costs of such conveyance.

Article 12

Special charges

- 1 No delivery charge may be collected from the addressee in respect of small packets weighing less than 500 grammes. Where domestic small packet items weighing over 500 grammes are subject to a delivery charge, the same charge may be collected in respect of incoming international small packets.
- 2 **Postal** administrations shall be authorized to collect in the cases mentioned below the same charges as in the domestic service.
 - 2.1 Charge on letter-post items posted after the latest time for posting, collected from the sender.
 - 2.2 Charge on items posted outside normal counter opening hours, collected from the sender.
 - 2.3 Charge for collection at the sender's address, collected from the sender.
 - 2.4 Charge, for withdrawal of a letter-post item outside normal counter opening hours, collected from the addressee.
 - 2.5 Poste restante charge collected from the addressee; in the event of return to sender or redirecting of a parcel, the amount passed on may not exceed the amount set in the Parcel Post Regulations.
 - 2.6 A storage charge for any letter-post item weighing more than 500 grammes and for any parcel of which the addressee has not taken delivery within the prescribed period. This charge shall not apply to literature for the blind. In the case of parcels, it shall be collected by the administration which effects the delivery, on behalf of the administration in whose service the parcel has been kept beyond the prescribed periods; in the event of return to sender or redirection, the amount passed on may not exceed the amount set in the Parcel Post Regulations.
- 3 Where a parcel is normally delivered to the addressee's address, no delivery charge may be collected from the addressee. Where delivery to the addressee's address is not normally provided, the advice of arrival should be delivered free of charge. In this case, if delivery to the addressee's address is offered as an option in response to the advice of arrival, a delivery charge may be collected from the addressee. This should be the same charge as in the domestic service.
- 4 Postal administrations prepared to cover risks of force majeure shall be authorized to collect a charge for cover against risks of force majeure the maximum amount of which is set in the **Letter Post** Regulations.

Article 13

Registered items

- 1 Letter-post items may be sent as registered items.
- 2 The charge on registered items shall be paid in advance. It shall be made up of the postage charge and of a fixed registration charge the maximum amount of which is set in the Letter Post Regulations.
- 3 In cases where exceptional security measures are required, **postal** administrations may collect from the sender or from the addressee, in addition to the charge mentioned under 2, the special charges provided for by their internal legislation.

Article 14

Recorded delivery items

- 1 Letter-post items may be sent by the recorded delivery items service in relations between administrations which agree to provide this service.
- 2 The charge on recorded delivery items shall be paid in advance. It shall be made up of the postage charge and of a recorded delivery charge fixed by the administration of origin. This charge shall be less than the registration charge.

Article 15

Insured items

- 1 Priority and non-priority items and letters containing securities, valuable documents or articles as well as parcels may be exchanged with insurance of the contents for the value declared by the sender. This exchange shall be restricted to relations between postal administrations which have declared their willingness to admit such items, whether reciprocally or in one direction only.
- 2 In principle, the amount of the insured value shall be unlimited. Every administration may limit the insured value, so far as it is concerned, to an amount which may not be less than the amount set in the Regulations. However, the limit of insured value adopted in the internal service shall be applicable **only if it is equal to or higher than the amount of the indemnity set for the loss of a registered item or of a parcel weighing one kilogramme. The maximum amount shall be notified in SDR to the member countries of the Union.**
- 3 The charge on insured items shall be paid in advance. It shall be made up:
 - 3.1 for letter-post items, of the ordinary postage charge, the fixed registration charge laid down in article 13.2 and an insurance charge;
 - 3.2 for parcels, of the principal charge, an optional dispatch charge and an ordinary insurance charge; any air surcharges and charges for special services shall be added to the principal charge; the dispatch charge shall not exceed the registration charge for letter-post items.
- 4 Instead of the fixed registration charge, postal administrations may collect the corresponding charge of their internal service or, exceptionally, a charge the maximum amount of which is set in the Letter Post Regulations.
- 5 The maximum amount of the insurance charge shall be set in the Letter-Post Regulations.
 - 5.1 For letter post, this charge shall apply whatever the country of destination, even in countries which undertake to cover risks of force majeure.
 - 5.2 For parcels, any charge for cover against risks of force majeure shall be set so that the sum of this charge and the ordinary insurance charge do not exceed the maximum amount of the insurance charge.
- 6 In cases where exceptional security measures are required, administrations may collect from the sender or from the addressee, in addition to the charges mentioned under 3, 4 and 5, the special charges provided for by their internal legislation.
- 7 **Postal administrations shall have the right to provide their customers with an insured items service in accordance with specifications other than those defined in this article.**

Article 16**Cash-on-delivery items**

1 Certain letter-post items and parcels may be sent cash-on-delivery. The exchange of cash-on-delivery items shall require prior agreement between administrations of origin and destination.

Article 17**Express items**

1 At the sender's request, letter-post items for countries where the administration performs the service shall be delivered by special messenger as soon as possible after their arrival at the delivery office. Any administration shall have the right to confine this service to priority items, to airmail items and, when this is the only means used between two administrations, to surface LC items.

2 Administrations which have various streams of letter mail shall enter express items into the fastest internal letters stream upon their arrival at the inward office of exchange and thereafter handle these items in the speediest manner possible.

3 Express items shall be subject, in addition to the postage, to a charge which may not be less than the amount of postage prepayable on an unregistered priority/non-priority item, as the case may be, or on an unregistered single rate letter and not more than the amount set in the Regulations. This charge must be fully paid in advance. For parcels, it is payable even if the parcel cannot be delivered by special messenger but only the advice of arrival.

4 When express delivery involves special demands, an additional charge may be collected in accordance with the provisions relating to items of the same kind in the internal service. For parcels, this supplementary charge shall be paid even if the parcel is returned to sender or redirected; however, in such cases, the amount passed on may not exceed the maximum set in the Parcel Post Regulations.

5 If the regulations of the administration of destination permit, addressees may ask the delivery office for express delivery immediately on arrival of items which are intended for them. In that case the administration of destination shall be authorized to collect, on delivery, the charge that applies in its internal service.

Article 18**Advice of delivery**

1 The sender of a registered item, a recorded delivery item, a parcel or an insured item may apply for an advice of delivery at the time of posting by paying a charge the maximum amount of which is set in the Regulations. This advice of delivery shall be returned to him by the quickest route (air or surface).

2 However, for parcels, administrations may restrict this service to insured parcels if such restriction is provided for in their internal service.

Article 19**Delivery to the addressee in person**

1 At the sender's request, and in the service between those **postal** administrations which have given their consent, registered items, recorded delivery items and insured items shall be delivered to the addressee in person. Administrations may agree to allow this option only for such

items accompanied by an advice of delivery. In all cases, the sender shall pay a charge for delivery to the addressee in person the maximum amount of which is set in the Letter Post Regulations.

Article 20

Items for delivery free of charges and fees

- 1 In the service between postal administrations which have notified their agreement to that effect senders may, by means of a previous declaration at the office of origin, undertake to pay the whole of the charges and fees to which the **letter-post and parcel-post** items are subject on delivery. So long as a **letter-post** item has not been delivered to the addressee, the sender may ask after posting that the item be delivered free of charges and fees.
- 2 Senders shall undertake to pay the amounts which may be claimed by the office of destination. If necessary, they shall make a provisional payment.
- 3 The administration of origin shall collect from the sender a charge, the maximum amount of which is set in the Regulations, which it shall retain as payment for services rendered in the country of origin.
- 4 In the case of a request made after posting of a letter-post item, the administration of origin shall also collect an additional charge the maximum amount of which is set in the Regulations.
- 5 The administration of destination shall be authorized to collect a commission charge the maximum amount of which is set in the Regulations. This charge shall be independent of the presentation-to-Customs charge. It shall be collected from the sender on behalf of the administration of destination.
- 6 Every **postal** administration may restrict to **registered and insured letter-post** items the service of delivery free of charges and fees.

Article 21

International business reply service

- 1 **Postal** administrations may agree with each other to participate in an optional international business reply service (IBRS). **All administrations shall, however, be obliged to operate the IBRS "return" service.**

Article 22

International reply coupons

- 1 Postal administrations shall be permitted to sell international reply coupons issued by the International Bureau and to limit their sale in accordance with their internal legislation.
- 2 The value of the reply coupon shall be set in the Letter Post Regulations. The selling price fixed by the **postal** administrations concerned may not be less than this value.
- 3 Reply coupons shall be exchangeable in any member country **for postage stamps and, if not precluded by the internal legislation of the country of exchange, for postal stationery or postal prepayment marks or impressions** representing the minimum postage prepayable on an unregistered priority letter-post item or an unregistered airmail letter sent abroad.

4 The **postal** administration of a member country may, in addition, reserve the right to require the reply coupons and the items to be prepaid in exchange for those reply coupons to be presented at the same time.

Article 23

Fragile parcels. Cumbersome parcels

1 Any parcel containing articles which are liable to break easily and which are to be handled with special care shall be called a "fragile parcel".

2 The following shall be called a "cumbersome parcel"; any parcel:

2.1 whose dimensions exceed the limits laid down in the Parcel Post Regulations or those which administrations shall set between themselves;

2.2 which, by reason of its shape or structure, does not readily lend itself to loading with other parcels or which requires special precautions.

3 Fragile parcels and cumbersome parcels shall be subject to a supplementary charge, **the maximum amount of which is laid down in the Parcel Post Regulations**. If the parcel is both fragile and cumbersome the supplementary charge shall be collected once only. However, the air surcharges in respect of these parcels shall not be increased.

4 The exchange of fragile parcels and cumbersome parcels shall be restricted to those administrations which admit such items.

Article 24

Consignment service

1 **Postal** administrations may agree among themselves to take part in an optional "Consignment" service for collective items from one consignor sent abroad.

2 Wherever possible, this service shall be identified by the logo defined in the Parcel Post Regulations.

3 The details of this service shall be laid down bilaterally between the administration of origin and the administration of destination on the basis of provisions defined by the Postal Operations Council.

Article 25

Items not admitted. Prohibitions

1 Items not fulfilling the conditions laid down in the Convention and the Regulations shall not be admitted.

2 **Subject to the exceptions set out in the Regulations**, the insertion of the articles referred to below shall be prohibited in all categories of items:

2.1 If a registered item is lost, **totally rifled or totally damaged**, the sender shall be entitled to an **indemnity set in the Letter Post Regulations**. **If the sender has claimed an amount less than the amount set in the Letter Post Regulations, administrations may pay that lower amount and shall receive reimbursement on this basis from any other administrations involved.**

- 2.2 **If a registered item is partially rifled or partially damaged, the sender shall be entitled to an indemnity corresponding, in principle, to the actual value of the theft or damage. It may, however, in no case exceed the amount set in the Letter Post Regulations in case of loss, total theft or total damage. Consequential losses or loss of profits shall not be taken into account.**

Failing a current price, the indemnity shall be calculated according to the ordinary value of articles or goods whose value is assessed on the same bases.
- 7 When an indemnity is due for the loss of, total theft from or total damage to **a registered item, ordinary parcel or insured item**, the sender, or the addressee, as the case may be, shall also be entitled to repayment of the charges and fees paid with the exception of the **registration or insurance charge**. The same shall apply to **registered items, ordinary parcels or insured items** refused by the addressee because of their bad condition if that is attributable to the postal service and involves its liability.

- 1.3 when, internal regulations permitting, the registered item was delivered to a private mailbox and, in the course of the inquiry, the addressee declares that he did not receive the item;
- 1.4 when the addressee or, in the case of return to origin, the sender of a parcel or of an insured item, although having given a proper discharge, notifies the delivery administration without delay that he has found theft or damage. He shall furnish proof that such theft or damage did not occur after delivery.

2 Postal administrations shall not be liable:

4 However, the sender shall not be liable if there has been fault or negligence on the part of administrations or carriers.

- 5 **In the case of an inquiry concerning a COD item, the administration of origin shall be authorized to indemnify the rightful claimant up to the COD amount on behalf of the administration of destination which, having been duly informed, has allowed two months to pass without finally settling the matter.**

Article 38

Possible recovery of the indemnity from the sender or the addressee

- 1 If, after payment of the indemnity, a registered item, a parcel or an insured item or part of the contents previously considered as lost is found, the sender or the addressee, as the case may be, shall be advised that the item is being held at his disposal for a period of three months on repayment of the amount of the indemnity paid. At the same time he shall be asked to whom the item is to be delivered. In the event of refusal or failure to reply within the prescribed period, the same approach shall be made to the addressee or the sender as the case may be.
- 2 If the sender and the addressee refuse to take delivery of the item, it shall become the property of the administration or, where appropriate, administrations which bore the loss.
- 3 In the case of subsequent discovery of an insured item the contents of which are found to be of less value than the amount of the indemnity paid, the sender or the addressee, as the case may be, shall repay the amount of this indemnity against return of the item, without prejudice to the consequences of fraudulent insurance.

2 When exceptional circumstances oblige a postal administration temporarily to suspend its services wholly or in part, it shall immediately inform the administrations concerned.

3 When the conveyance of mail in transit through a country takes place without the participation of the postal administration of that country, this administration shall be informed in advance. This form of transit shall not involve the liability of the postal administration of the transit country.

4 Administrations may send surface mails by air, with reduced priority, subject to the agreement of the administrations which receive such mails at the airports of their country.

Article 40

Exchange of closed mails with military units

1 Closed letter-post mails may be exchanged through the intermediary of the land, sea or air services of other countries:

Article 41

Determination of liability between postal administrations

1 Until the contrary is proved, liability shall rest with the postal administration which, having received the item without comment and being furnished with all the prescribed means of inquiry, cannot prove either delivery to the addressee or, where appropriate, correct transfer to another administration.

2 If the loss, theft or damage occurs in course of conveyance without it being possible to establish in which country's territory or service it happened, the administrations concerned shall bear the loss equally. However, in the case of an uninsured parcel, when the amount of indemnity does not exceed the amount calculated in article 34.4.1, for a parcel of 1 kilogramme, this sum shall be borne equally by the administration of origin and the administration of destination, intermediate administrations being excluded.

3 As regards insured items, the liability of an administration towards other administrations shall in no case exceed the maximum insured value that it has adopted.

4 Postal administrations not providing the insured items service shall assume, in respect of such items conveyed in closed mails, the liability laid down for registered items and/or for uninsured parcels. This provision shall also apply when postal administrations do not accept liability for insured items carried on board the ships or aircraft used by them.

5 If the loss, theft or damage of an insured item occurs in the territory or service of an intermediate administration which does not provide the insured items service, the administration of origin shall bear the loss not covered by the intermediate administration. The same rule shall apply if the amount of the damage is higher than the maximum insured value adopted by the intermediate administration.

6 Customs duty and other fees of which it has not been possible to secure cancellation shall be borne by the administrations liable for the loss, theft or damage.

7 An administration which has paid the indemnity shall take over the rights, up to the amount of the indemnity, of the person who has received it in any action which may be taken against the addressee, the sender or third parties.
